Bob's Bit

G'DAY all. Been a busy couple of months hasn't it, full of goodwill which is symbolic for this time of the year: \$1440 raised from the Pink Ribbon Ride - Congratulations Raelene and Chris and their team of helpers as well as everyone who took part.

And another successful Hillclimb weekend with a lot of fun and funds raised for local charities, final figures to be announced - Congratulations to Robin and her team of helpers - there's plenty more on the Hillclimb weekend throughout the Club News. I think we had more bikes on display in Stirling Terrace and more spectators up the Hill than ever before - great achievement.

As well as these activities there has been plenty on and plenty coming up, so hopefully you are enjoying what's on offer.

Andrew and Ronnie are organising the Week Long Ride for 25 year and older bikes - details are on page 2 This is always a great week and very popular so book your holidays now. We've had a couple of members who've had to drop out of the Back-Up Roster for various reasons so if there are any other members willing to put their name on the list please get in touch with me. As a rule you only have to do it every couple of years and its most appreciated by riders of older bikes, and some of the newer ones who have used it in the past.

There are adjustments to the calendar so if you've got the old one stuck on the fridge chuck it out and put the new one up.

As you can see in the article (right) there are now two new rides each month for older/slower bikes, which means our Club now has a minimum of six rides every month, so hopefully there should be something to please everybody.

As well as the new rides just mentioned I would like to point out that if you turn up on the midweek/1st Saturday ride for example and there are several on older (or modern bikes) who would like to go slower, you don't all have to go the same way, as the message I get sometimes is "They go too fast for my old bike", well you can go at whatever pace you wish and you might also like to go a different way or end up at a different destination - that's fine - flexibility is the key to this Club, just enjoy it. Finally on the behalf of Chris and the Committee I would like to wish the very best Seasons Greetings to you and your families and Health and Happiness in the year to come. And get them bikes out of the shed and ride them

Bruce's NZ Bike

BRUCE has bought a BMW K100RS to use for touring New Zealand. He is offering it to Club members to use as

well for their own riding holiday around the land of sheep and windy roads. Its a 1987 model with 110,000kms on the clock, has hard panniers, top box, fairing and in good condition.

Apart from Bruce and Kylie's holiday (they'll be in NZ now) its free to be used at any time all you have to do is be willing to share the costs or you can hire it out. But if you damage it - you buy it. Phone Bruce on 9453 6252 in about six weeks time for more details. What a great idea though, to rent a bike in NZ is very expensive and if you ship a bike over there as we did years ago its now even more expensive and you have the inconvenience of not having your bike for a couple of months either side of your trip.

So get on the phone and enjoy one of the best rides in the world. All we need now is more Club members to buy a bike in the USA, UK, South Africa etc!!!

More rides for slower bikes

DUE TO requests from several members there will now be rides on the first Tuesday of each month and the 3rd Saturday of each month. These rides will be short and slower suitable for older and smaller bikes - although any member can of course take their more modern bike on it. Both rides will start at 1 pm from the information bay at the corner of Mercer and Chester Pass Roads. It is a great opportunity for those who cannot make the other rides listed in the Club Calendar and also to get your old/small/slow bike out of the shed.

The Back-Up Roster will not be involved in these runs and the riders will organise their own support.

2010 Hillclimb

ROBIN has once again written a report on the 2009 Hillclimb (on page 4) and this signifies Robin's retirement from co-ordinating the Hillclimb which she has done with the help of Neil for many years, their efforts have been greatly appreciated by the Club. They now feel that they need a well deserved break.

The 2010 Poker Run and Hillclimb will be run by a committee of four: Phil Penny, Ronnie Jellesma, Garry Blake and Bob Rees. This will of course be done with the help of other Club members and discussed at the monthly Club Meetings. It will obviously be a transition year and there will be some changes which will be outlined in the months to come and hopefully others would like to be part of the committee in following years.

This year there was a lot of Club members volunteering to help during the week and over the weekend, most probably the most we have had which was fantastic and hopefully you'll all be there next year.
