Pictured (right) at Staverton Airport, Gloucester, UK in 1966 is Bob Main (left) riding his Douglas Flat Twin with Geoff Preece in the sidecar (Geoff was a great Vincent enthusiast) David (right) is riding his Velocette. Bob brought the Douglas outfit together with a Moto Guzzi with him when he emigrated to Australia. The Douglas is now on display at the museum in Bremer Bay.

More great pictures from David Main's photo album.

Pictured is the ISDT Team with Stuart Waycott riding the Matchless outfit (right). They are pictured outside Stuart Waycott's Motorcycle Premises in Bristol before he emigrated to WA. This was co-incidentally where David's Vincent Rapide was bought - small world isn't it?

Pictured is Stuart Waycott riding a Rudge Whitworth at the ISDT Trials in the UK, although he usually rode for Velocette for which he was a Works Rider at one time. He later emigrated to WA and bought a farm just outside Pingelly.

David at the Isle of Man VMCC TT Rally riding the 545cc 1936 Chater Lea sidecar outfit. This particular bike was the last Chater Lea to leave the factory.

This is a photo of the Cotswold Road Trial at Andoversford, Gloucester in 1964. This was the premier VMCC event of the year. A Douglas flat twin is pictured in the centre of the group of bikes.
