

# CLUB MEMBERS OLD PICTURE GALLERY

*Some great old pictures and story sent in by Paul Armstrong*

Hi Bob, in the last club news you have requested some old photos/images. Pictured right is my oldest brother Patrick on a Triumph 500 Speed Twin - no helmets in those days, and also low plate nos. A 65, and as he states the best he ever got out of it was 98 mph more than likely down hill as well, that image/photo was taken about 1952/53 at the forts Mt. Adelaide. The other picture is of my Father Alfred on the right, and my uncle Tom, second from left, possibly late 1939 or early 1940 either prior to their departure, or in France. My Uncle Tom, my fathers half brother, was captured by the Germans and spent the war in a German prisoner of war camp, he returned home in 1945, with a Hitler youth dagger, my

brothers have both said that all the of the kids in the neighbourhood, wanted it. My father escaped through Calais after Dunkirk and returned back to Britain, in 1940. His father (Mark) my grandfather, was killed in action, in November 15th 1916 on the Somme battlefield.

Obviously My father and uncle Tom were despatch riders, the two bikes on the l/h side are both Ariels but the ones on the right I am unsure of, perhaps some one could identify them for me? (maybe Matchless? any other ideas sent them in - Bob), I hope that these help, and are of some interest. Thanks Paul great story and pics - Bob

Bring your old bike - or whatever, as there will be a back-up trailer on a ride to Lake Nunijup where we'll be camping the night. There are toilets, and we have the use of the Lake Nunijup Hall which does have facilities including water, fridge, microwave. But you need to take any food, drink etc as there are no shops there, if you can't fit it on the bike make use of the back-up vehicle.

Plenty of wood there for a good campfire.

Bring your tent, or your swag (hall), campervan or whatever
