WANTED:

Do you have an old wringer washing machine or know someone who has one lying around? We are looking for one to help fold the newsletters. The Post Office is getting stricter and wants them folded tighter, otherwise it's extra postage. If you have one and it's not working one of our handy members might be able to adapt it to do the job. Any suggestions to help with this problem, please get in touch. Ring Trudy on 0448 426 263 if you can help.
